

Essence: Sweet children, whether people are elderly, young or children, it is now the stage of retirement for all souls, because everyone has to go beyond sound to the land of liberation. Show them the way home.

Question: Why is the Father's shrimat different for every child? Why is it not the same?

Answer: Because the Father gives shrimat to each child on seeing each one's pulse and *circumstances*. For instance, when someone is free from bondage and worthy of doing *service*, whether it is someone elderly or a kumari, Baba would advise her to engage herself fully in doing this *service*, but He would not tell everyone to come and stay here. Whatever shrimat anyone receives from the Father, there is benefit in that. Just as Mama and Baba claim their inheritance from Shiv Baba, so *follow* them and do *service* in the same way and claim your inheritance.

Song: No one is unique like the Innocent Lord.

Om shanti. You sweetest, long-lost and now-found children heard the song. Shiva is called the Innocent Lord. The one who beats the drums is called Shankar. There are so many ashrams here where they relate the Vedas, scriptures, Upanishads etc. That too is like beating the drums. There are also so many ashrams where people go and stay but they don't have any *aim* or *objective*. They believe that the gurus will take them beyond sound to the land of silence. They go with the thought of shedding their bodies there. However, no one is able to go back home. Those people simply teach their own devotion. Here, you children know this is the true stage of retirement. Children, elderly and young people are all in the stage of retirement. However, you are being inspired to make effort to go to the land of liberation. There isn't anyone else who would show you the path to salvation or to go beyond sound. Only the One is the Bestower of Liberation and

Salvation. The Father cannot tell you all to renounce your homes and families and come and stay here. Yes, those who are worthy of doing *service* are asked to stay here. **You also have to show others the path to go into the stage of retirement because it is now time for everyone to go beyond sound.** Only the one Father takes everyone into the stage of retirement, to the land of liberation. You are sitting with that Father. Although those people go into retirement, none of them is able to return home. Only the one Father takes everyone into retirement and only He gives you good directions. Some tell Baba that they will bring their family and stay here. No, it first has to be seen whether they are worthy of doing *service* or not. If someone is old, free from bondage and *serviceable*, he is given *shrimat*. Some children say: Hold *seminars* so that we can learn ways of doing *service*. Together with kumaris, mothers and men will also continue to learn. This is a *seminar*. Baba teaches you every day how to explain to others. He continues to advise you. **First of all, explain one thing: You remember the Supreme Father, the Supreme Soul. What relationship do you have with Him? If He is the Father, you should receive the inheritance from Him. You don't know the Father. You say that God is in everyone. If God were in every particle, what would be your state? You children know that you are now sitting in front of Baba. Baba is making us worthy by changing us from thorns into flowers and He will then take us back with Him.** All others show you the way to the forests. The Father shows you such an easy path. **'Liberation-inlife in a *second*'** has been remembered. That is not a lie. As soon as you say "Baba" you become liberated in life. First of all, Baba takes you to **His home**. All of you have forgotten your home. They say that *God, the Father*, sends all the *messengers* to establish a religion. So, why do they then say that He is omnipresent? He sends everyone from up above. **They say one thing but then don't believe it.** The

Father sends them down to establish a religion and so the people of their organisation also continue to follow them down. First of all, there is the group of deities. First of all, Lakshmi and Narayan, who belong to the original eternal deity religion, will go down with their people. No one else goes down with their people. There, one will come first, then another and then a third person. Here, all of you are becoming ready to claim your inheritance from the Father. This is a school. While living at home, you remember Baba for one moment, half a moment, half of half a moment. You are told in just a second what your relationship with the Supreme Father, the Supreme Soul, is. They even say that He is the Supreme Father; that He is the Father of all, that He is the Creator. However, in spite of that, if they don't consider Him to be the Father, then what can you say? The Father is the Creator of heaven and so He would definitely give you the sovereignty of heaven. He did give it to Bharat. The Raja Yoga that changes an ordinary man into Narayan is very well known. This is also the story of the true Narayan. It is the story of immortality and also the story of receiving the third eye. You children know that Baba is giving you the inheritance. The Father gives you shrimat. There will definitely only be benefit by following His directions. Baba feels the pulse of each one: This one doesn't have any bondage and is able to do service. The Father gives directions when He sees you are worthy. When your circumstances are seen, you are told: You can stay here and continue to do service wherever there is a need. There is a lot of need at many at the exhibitions. Older people are needed and kumaris too are needed. Everyone continues to receive teachings. This is a study. God speaks. The incorporeal One is called God. You souls are His children. People say, "O God, the Father!", so He cannot be called omnipresent. Is your physical father omnipresent? No. You say He is the Father and then you

sing, “O Purifier Father!” so He would definitely come here and purify you. You children know you are becoming pure from impure. The Father says: My children who have met Me after 5000 years have come to claim their inheritance once again. You know that the kingdom is being established. Just as Mama and Baba claim their inheritance from Shiv Baba, so you too claim it from Him. Follow them. Do service in the same way as Mama and Baba. Mama and Baba tell you the story of changing from an ordinary man into Narayan. So, why should you listen to anything less? You know that they will become part of the sun dynasty and then the moon dynasty. First you will have to go into the sun dynasty. You have this understanding. No one can sit in this *school* without this understanding. Baba gives you shrimat. We know that Baba has entered this one. Otherwise, where would Prajapita (Father of People) come from? That Brahma is a resident of the subtle region. The Father of People is needed here. The Father says: I carry out establishment through Brahma. Of what? Of Brahmins. I enter this Brahma. You souls also enter bodies. I am called the Ocean of Knowledge. So, how am I, the incorporeal One, able to speak knowledge? Krishna cannot be called the Ocean of Knowledge. The Krishna soul receives knowledge at the end of his many births and becomes Krishna. He is not that now. You know that you studied Raja Yoga with God and became deities, the masters of heaven. The Father says: I teach you Raja Yoga every cycle. You receive a kingdom by studying this. You will become kings of kings. This is your *aim* and *objective*. You have come here to become sun-dynasty deities once again. The one deity religion is being established. There are now so many religions. There are so many gurus. All of them will end. The Guru of all of those gurus, the Bestower of Salvation, is the one Father. I have come to grant salvation to all the sages etc. too. As you progress further, they too will bow down in front

of you, as they did in the previous cycle. You children have all the secrets of the *drama* in your intellects. You know that Brahma, Vishnu and Shankar are in the subtle region. This one is the Father of People. He (Shiva) says: I enter the old body of Brahma. He also says to you: O children, all of you are Brahmins and I place the urn on you. You have taken this many births. At this time, it is the extreme depths of hell. There are no rivers etc. that could be called hell. They have written many such stories in the Garuda Purana. Baba now sits here and explains to you children. This one has also studied. The Father, the Innocent Lord, sits here and explains to you innocent children. He makes poor, innocent children the wealthiest. You know that you will become the sun-dynasty masters. Look at what you have become while gradually falling down! It is such a wonderful play! You were so prosperous in heaven! Even now, kings have such big palaces. There are palaces in Jaipur too. If there are such palaces even now, you can imagine what the earlier ones would have been like. Government House is not built like that. The splendour of the palaces of the kings is absolutely something else. OK, if you want to see a model of heaven, go to Ajmer. They have worked very hard to create just one model. You experience so much happiness just by looking at it. Here, Baba quickly gives you a vision. Whatever you see in visions, you are going to see in a practical form. Although devotees had visions on the path of devotion, they did not become the masters of Paradise. You are becoming the masters in a practical way. It is now hell; they continue to bite and fight one another. Some sons don't hesitate to kill their father or brother. There is no question of fighting etc. in the golden age. You claim a status for 21 births from the income you earn at this time. Therefore, you should have so much happiness. If they don't understand the first thing, which is the Father's introduction and His biography, then

what would be the benefit in them saying "Baba"? Even after them making so many donations and performing so much charity, this has become the condition of Bharat! However, no one understands this. They say they will find God after performing devotion; but who will find God and when? Everyone performs devotion, but not everyone will receive a kingdom. There is so much confusion in understanding all of this. You can tell anyone: Forget those scriptures etc. Die alive! Brahm is just an element. You cannot receive the inheritance from that. Only from the Father can you receive the inheritance. We claim it every cycle; it is not a new thing. The play is now about to end. We have to shed these bodies and return home. The more you remember the Father, the more your final thoughts will lead you to your destination. This is also called the time of settlement. The karmic accounts of sinful souls are to be settled. You now have to become pure and charitable souls with the power of yoga. The haystack will be set on fire and souls will return home. When the one religion is established, those of all the innumerable religions will return home. They will not take their bodies with them. Some say that they want eternal liberation. However, that is not possible. Since this is a predestined play and is continuous, it has no *end*. The Father now sits here and tells you the significance of how the cycle continues eternally. All of these things have to be explained. When they begin to understand more, there will be expansion here. This is your very elevated religion. The birds eat it. They don't eat any other religion. You children should not have any interest in this world. This is a graveyard. Why should you have attachment to the old world? In America, those who are sensible feel that someone is inspiring them. Death is just ahead. Destruction has to take place. Everyone's conscience continues to bite. The destiny of the *drama* is created in this way. Shiv Baba is the Bestower. He isn't attracted to

anything. He is incorporeal. All of this belongs to you children. The new world is also for you children. We are establishing the kingdom of the world which we will then rule. Baba is so altruistic! When you remember Baba, the locks on your intellects open. You are *double philanthropists*. You give your bodies, minds and wealth to Baba. You also give imperishable jewels of knowledge. What do you give to Shiv Baba? When someone dies they give all of his belongings to a special brahmin priest. You say that you are offering everything to God, but does God have greed? They even say they are offering everything to Krishna. People have made both of them into beggars. However, He is the Bestower. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Do not have attachment to anything of the old world. Don't have any interest in anything of this world because everything is to change into a graveyard.
2. The play is now coming to an end. You have to settle your karmic accounts and return home. Therefore, become free from sinning with the power of yoga and become pure charitable souls. Become *double* donors.

Blessing: May you make your mind and intellect powerful with the nourishment of happiness and become unshakeable and immovable.

“Wah Baba! Wah! Wah my fortune! Wah!” Constantly sing this song of happiness. Happiness is the greatest nourishment. There is no other nourishment like that of happiness. Those

who eat the nourishment of happiness every day remain constantly healthy; they never become weak. Therefore, make your mind and intellect strong with the nourishment of happiness and your stage will become powerful. Those who have such a powerful stage will remain constantly unshakeable and immovable.

Slogan: Set your mind and intellect on the seat of experience and you will never become upset.
