

Essence: Sweet children, you are studying this study here in order to become *princes* like Shri Krishna. God Himself is teaching you.

Question: Why do some children become confused when Baba says, "God speaks"?

Answer: Because God is incognito, they think that perhaps this Dada is saying that "God speaks". However, incorporeal God definitely needs a mouth to speak. Baba says: These *wonderful* matters about how I enter this one and teach you have to be understood.

Om shanti. God speaks. What does God say? Who said, "God speaks"? There isn't anyone to be seen. Human beings cannot be called God. Some would think that the one who is speaking is saying, "God speaks." However, only you know that incorporeal God is speaking. Who is sitting here and where is God? This is something new, which is why people become confused. However, God definitely does speak and says: I am teaching you children Raja Yoga. I am teaching you this knowledge and yoga in order to change you from an ordinary man into Narayan or Krishna, and from an ordinary woman into Lakshmi or Radhe. What more do you want? I am making you into kings of kings, *princes of princes*. *Princes* and *princesses* also go to temples. Vicious *princes* bow down to the viceless *Prince* Shri Krishna, and so I make you into *princes of princes*. Become a *prince* of heaven like Shri Krishna. You will only become that by studying this *knowledge*. *Doctors* and *barristers* tell their *students* that they are making them into *doctors* or *barristers*. However, they would only become that when they study. Baba says: You children understand very well that it is only the one God, and not Shri Krishna, who teaches you Raja Yoga. Radhe and Krishna are children from separate kingdoms. They become engaged to one another. Their names change after their marriage. This is why, in the picture of Lakshmi and Narayan, Radhe and Krishna have been shown below Lakshmi and Narayan. The Father now explains to you very well that even this Brahma was a *number one* devotee; he used to worship Narayan at the end. Whether he worshipped Krishna or he worshipped Narayan, it is the same thing; Krishna grows up and becomes Narayan. The Father is now teaching you Raja Yoga in order to change you from an ordinary human into Narayan. Your 84 births have now come to an end. This soul is also now studying and he will become Shri Krishna in the future. The Father says: Children, you became beautiful by sitting on the pyre of this knowledge. You then became ugly by sitting on the pyre of lust. This is the land of Kans, the demon. I have come to take you to the land of Krishna. Shri Krishna is full of all virtues, 16 celestial degrees full. No one here has all the virtues. I have come to make you children completely viceless. You have to become that with the power of yoga. Physical power was gained through violent war which they first fought with bows and arrows. Then there was war with guns and swords. Now it takes place with *bombs*. They themselves say they are making *bombs* that will destroy everything while they sit at home. What would the *Military* do then? The Father says: Sweetest children, this is a study place. I am making you into *princes* like Shri Krishna. The one who was the *first prince* of the golden age has taken 84 births and has now become a *beggar* in the iron age. His kingdom existed in Bharat. Then he had to take rebirth. They say that Krishna is God, but how can God take rebirth? God is incorporeal. He is the one Creator and all the rest are the creation. They say that all of us souls are brothers. The Father explains that you Brahma Kumars and Kumaris are brothers and sisters. Therefore, how can there be *criminal assault*? You claim your inheritance from the one Father for the future. If you don't remain pure, how would you go to the land of peace and the land of happiness? People call out: "We have become impure and so come and make us pure!" The Father says: Remember Me! This is your final birth. All of you souls are now able to go back into retirement and this is why you are in the stage of retirement. No guru can show you this path. Only the one Father has this knowledge. He is the incorporeal Purifier. The Father says: Remember Me. I have taken this body on *loan* for a short *time*. How can a soul without a body speak? God speaks: I enter an ordinary old body and teach you children. I do not enter a womb. Those who enter a womb have to take rebirth. I only come once. I definitely need the support of matter. I sit in this one and teach you. Previously, this one used to have his jewellery business. It wasn't a guru who taught him; it was the Father who suddenly entered him. Because He is Karankaravanhar, He continues to make this one do everything and this one continues to learn everything. You too learn everything with him. He speaks to you children, but I hear Him first. I come to teach you children, but even this one's soul continues to study. I have come to teach you children Raja Yoga. No one else teaches in this way. This is a matter of becoming pure. This confluence age is the age for becoming the most elevated. Shri Krishna was the most elevated being. After his marriage, his *degrees* decreased slightly. This is why there is a lot of praise of Shri Krishna. The very name is the land of Shri Krishna. This is called the land of Kans, the demon. They have made up stories of Shri Krishna and Kans. It has been explained to you children that when your

stage matures, you will automatically stop performing devotion. You mustn't ever tell anyone not to do devotion. You have to give them knowledge. The Father has come to give you this knowledge and to make you into *princes* of heaven. Shri Krishna was the master of heaven but he is no longer that. He is becoming that by studying Raja Yoga once again. You too have to make effort and remember the Father. It is *Heavenly God, the Father*, who carries out the establishment of *heaven*. He comes and makes the world new. He does that when the iron age comes to an end. He doesn't come in the golden or silver ages. He says: I come at the confluence age of every cycle. They removed the word "cycle" and said that He comes in every age. However, there are four ages. The fifth is this confluence age. Achcha, in that case, you should consider Him to have five incarnations. However, would there also be the incarnations of the fish and the crocodile and Parshuram (Rama with an axe) etc? All of those things belong to the scriptures. They have completely changed the name of dharma and the name of Bharat. They have changed it into the Hindu dharma and Hindustan. Why should the name of Bharat be changed? "Whenever there is extreme irreligiousness in Bharat..." The word Bharat is used in this too. The Father explains: You didn't perform devotion for just one birth; you have been doing it since the copper age. Devotion was at first unadulterated; they just used to worship Shiva, the Shiv Baba who made Bharat into heaven. He has now come to make you into the masters of heaven once again. So, He sits in an impure body and tells you: I enter an impure body, in an impure world to purify the impure. On the path of devotion, they build a very huge temple to Me. This is so *clear*. This one stopped studying the Gita, etc. when Baba entered. He stopped doing devotion; he let go of it instantly. None of you were told not to perform devotion. Baba explains to you children: I am making you into the masters of the land of Krishna once again. There are eight in the *dynasty* of Shri Krishna. First of all, he is called the *prince* of the golden age and he then becomes the *king* of the golden age. There are eight generations. At that time, there are no other kingdoms. Baba says: You children too now have to become *princes* of the golden age. There is no happiness in devotion. Through this knowledge you become the masters of heaven. When someone's father dies and he is asked, "Where did your father go?" he would reply that he has become a resident of heaven. They think that both the soul and the body went. However, the body was left here and it was just the soul that left. This means that that person was at first in hell and that the soul shed his body and went to heaven. So, what need is there to cry? Does heaven exist here? However, they don't understand. They simply say that all of that is God's doing, that it is God who gives both happiness and sorrow and that everything is a form of God. However, the Father says: How can I cause the children sorrow? Do children ever ask the Father for sorrow? The Father makes you children worthy and gives you His *property*, but each of you receives sorrow according to your own actions. The Father says: Don't now ask for children, etc. All of this *property*, etc. is now to be destroyed, so what would your children receive? There isn't that much time for your children to become the masters of your *property*. Only when they grow up can children become masters. However, not that much *time* remains; destruction is just ahead. Human beings say that there are still 40,000 years of the iron age left. They say that we Brahma Kumars and Kumaris are constantly talking about destruction. There is the story of how the boy cried "Wolf!" and how the wolf eventually came and ate all the sheep. Everyone thinks that death will come to just a few. This continues to happen all the time. You say that the Great Death has come. Shiv Baba, the Death of all Deaths, has come and He will take all souls back home. So, you definitely have to shed your bodies. This is why Baba says: Become pure by having yoga. I will make you souls pure and take you back home. If you don't become pure, you will have to experience a lot of punishment at the end and you won't be able to claim a high status. Shri Krishna *passed with honours* as *number one*. He received a *scholarship*. He receives the kingdom for 21 births. He explains to you so easily. This sits in your intellects and it then disappears. You mustn't stop anyone from performing devotion. The Father has come to give you devotees the fruit of your devotion. He says: I have entered this same, ordinary body, exactly as I did in the previous cycle. I come and teach you every cycle. This is the highest-on-high education. You know that you were satopradhan and that you have now become tamopradhan. Then, Bharat will become satopradhan. Those of other religions have not experienced as much happiness or experienced as much sorrow either. People abroad have a lot of money, and so they lend it to poor countries. Those poor helpless people don't realise that they are *returning* everything. They are all sleeping in the sleep of the deep ignorance of Kumbhakarna. At the end they will cry out in distress. You will then say that it is *too late* because the war will have begun. What will they do then? The haystack will be set on fire and it will then be *too late*. This is why the Father says: Children, now continue to make fast effort! Baba doesn't give you too much difficulty. You come and tell Baba: Baba, if we don't perform devotion, they say that we have become atheists. Baba advises you to stay in remembrance of Baba as detached observers. You may worship a little externally. It is one thing to

do something from your heart and another is to do something to please others. Internally, you just have to remember Shiv Baba. If some people trouble you, just perform worship externally to show them and they will become happy. That is not committing sin. Baba tells many of you that you may go to weddings etc. You have to fulfil your responsibilities to both sides. When you relate this knowledge there, the arrow will strike someone or other. You have to interact tactfully. The Father's order is: Now, don't become impure. It is only by becoming pure that you will become the masters of the land of Krishna. Remember Shiv Baba and your sins will be absolved and you will become the masters of the world. Children, explain to your friends and relations tactfully in this way. That is a physical pilgrimage, whereas this is the spiritual pilgrimage. Only the Father teaches you this spiritual pilgrimage. He says: Constantly remember Me alone and you will become pure from impure and all your sorrow will be removed. Scarcely any businessmen would do this business of claiming the sovereignty of heaven. Continue to follow shrimat. It should not be that your money is wasted unnecessarily and that you don't receive any fruit. You have to look after your household etc. and also sustain your children. Simply follow shrimat. Ask Baba for advice: Baba, what can I do in this situation? Baba, my daughter is saying that she wants to get married. Baba would say: You will have to get her married. Give her her share. The Father simply explains to you, but if you still want to ask, then do so and follow shrimat! You children have to follow the Father's directions. There is only benefit in that. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Perform every action in remembrance of Shiv Baba as a detached observer. Fulfil your responsibilities to both your worldly and your spiritual relations. Interact tactfully with your worldly relations.
2. At this time, in your final birth, you are in your stage of retirement. You have to return home and you must therefore definitely become pure and not create any new bondages.

Blessing: May you finish all desires by fulfilling all orders and become Maya *proof*. Whatever orders you have received for the whole day from amrit vela until night time, *check* your attitude, vision, thoughts, awareness, *service* and relationships according to those. All desires finish for those who follow orders with their every thought and at every step. If you have any desire in yourself for your efforts or your success, then you are definitely not fulfilling orders somewhere or other. So, whenever a problem arises, *check* your orders everywhere and you will automatically become Maya *proof*.

Slogan: To think about your subtle weaknesses and then finish them is to think of your original self (swa-chintan).

Avyakt Signal: Now reveal your bestower form.

When there is a gap, an all-round server would fill that gap at the right time. In the same way, if you feel that someone is lacking a particular power, then, help that one to fill that gap so that others don't experience anything lacking in that one. This is called becoming a child of the Bestower according to the time and giving a gift of co-operation to that soul.
