Essence: Sweet children, this is the only study that makes you into Narayan from an ordinary man and Lakshmi from an ordinary woman. Therefore, pay a lot of attention to this study.

Question: What inheritance, which you cannot receive by going on any pilgrimage or into a forest, do you children receive from the Father?

Answer: You children receive the inheritance of peace, happiness and prosperity from the Father. You cannot receive this anywhere else. People go into a forest for peace, but you know that peace is the original religion of us souls.

Song: Having found You, we have found the whole world; the earth and the sky belong to us.

Om shanti. The Father sits here and explains to you children, because you now belong to the Lord and Master. All other human beings are orphans. Only the one Father is called the Lord and Master. When children fight at home, they are asked: Do you not have a lord and master to belong to? All human beings of the whole world now continue to fight and quarrel; they even kill one another. Only the Father comes and explains that lust is the greatest enemy. Everyone experiences sorrow from the beginning through the middle to the end of this vice. You children know that you are now receiving your inheritance of unlimited happiness from the unlimited Father. Although people say that they want peace, they don't know what peace is or where they can find it. Can peace be found by going into a forest? Who gives peace and happiness and when? What do people go on pilgrimages for? No one knows these things. They have just heard that they can find God by performing devotion, but they don't even know God. The Father says: I come and give you children peace and happiness. At this time, no one has peace, happiness or prosperity. No one knows the One who gives it. The Father comes and explains: You sing: O Remover of Sorrow and Bestower of Happiness. Gandhiji also used to call out: O Purifier, come and purify us! They sing, "Rama who belongs to Sita is the Purifier", but they don't understand its meaning. They don't know anything at all about why they perform devotion or what they receive by doing it. Devotion is also fixed in the *drama*. The kingdom of Ravan begins with the copper age. People don't know what Ravan is or how much longer they will continue to burn an effigy of Ravan. Although Ravan took birth a long time ago, they still make an effigy of him and burn it. A soul is never burnt. Only you children know all of these things. Bharat became heaven 5000 years ago; it used to be the kingdom of Lakshmi and Narayan. Lakshmi and Narayan are called a goddess and god. Then, it became the kingdom of Rama in the silver age. No one knows how they received their kingdom or where the kingdom went afterwards; no one knows the beginning, middle or end of creation. You become the masters of heaven through this *knowledge*. By studying at *school*, students become *judges* or barristers; they don't become Lakshmi or Narayan. No one knows through which study they claimed their status. God speaks: I teach you Raja Yoga. There wouldn't be anyone else who says: I make you this. You children know that the *dynasty* of Lakshmi and Narayan was created through this study. The world doesn't know these things. People say that even the duration of the golden age is hundreds of thousands of years. Therefore, how could they know where Lakshmi and Narayan went? You can see that only in Bharat are there so many pictures of Lakshmi and Narayan. Many temples have been built to them. People believe that they will receive wealth from them. Every Deepmala, they ask Mahalakshmi for wealth. However, she would surely have Narayan with her too. People worship her at Deepmala and so their temporary desires for happiness are fulfilled. Therefore, they believe that they receive wealth from Lakshmi. In fact, it represents both Lakshmi and Narayan combined. Lakshmi and Mahalakshmi are not two separate beings, but people don't know that. Only Baba explains this to you. Nowadays, people say that God is in the pebbles and stones. The Father says: Everyone has a stone intellect. Only in the golden age do they have divine intellects. When it was the kingdom of Lakshmi and Narayan, they had golden palaces studded with diamonds. It is a matter of 5000 years. In the scriptures, they have written that the duration of each cycle is hundreds of thousands of years. The Father says: You had to descend the ladder on the path of devotion. According to the *drama*, I only come when you are in degradation and I then make the world new. You children are now studying Raja Yoga in order to become the masters of the new world. You know that this old world will be destroyed through this Mahabharat War. This *drama* is predestined. It became the kingdom of the deities in the golden age. That was 5000 years ago. The sun and moon dynasty kingdoms continued for 2500 years. Then the kingdom of Ravan began with the copper age. People continue to become impure, but they don't know who makes them impure. We were pure, so how did we become impure? The Father comes and explains to you. You continue to become impure as soon as the kingdom of Ravan begins. It is 2500 years since Ravan took birth. It is now 5000 years since Shiv Baba took birth. One is called the kingdom of Rama and the other is called the kingdom of Ravan. In fact, you should

* Words that Baba spoke in English are shown in italics.

not say Rama. Nowadays, people name themselves 'Ramachandra' or 'Krishnachandra'. Five thousand years ago, Bharat was 'The Golden Sparrow'. That was called the *golden-aged world*. It was Paradise but they don't know where it was. They don't know at all what a soul is, what the Supreme Soul is or what the world is. This is why they are called those with degraded intellects. Rishis and munis do not know the Creator or the beginning, middle and end of creation. This is why they say: Neti neti (neither this nor that); they neither know the Father nor the inheritance. They don't even know the inheritance of the kingdom of the world that you receive from the Father. You now know the beginning, middle and end of the whole world. So, you are *double* theists. People don't know how or from where they can receive peace. They go to sannyasis and ask for peace. Now, how can we have peace here? Actions have to be performed. Peace can only be found in the land of peace. If one person in a family is peaceless, he would make the whole family peaceless. You can find peace in the *sweet home*. The Father then sends us down here into the new world to play our *parts*. The Father wouldn't send you into the extreme depths of hell. You go to the land of happiness from the land of peace. You children know that this is God's place of study (pathshala). This is not a satsang (spiritual gathering). Here, God speaks to His children. Incorporeal Shiv Baba enters a body and speaks to you children. The soul is in the body. When a soul receives physical organs, he is able to speak and hear. The Father now sits here and educates you souls. People call out to the Supreme Soul: O Purifier, O Bestower of Salvation, *Liberator, Guide*, but they don't know how He *liberates* us, becomes our *Guide* or where He takes us. They simply continue to cry out. *God, the Father*, has now come and is *guiding* you children. He Himself is taking you to the land of peace. You will then go to the land of happiness by yourselves. The Father only comes once and becomes everyone's *Guide*. The Father doesn't *guide* you in the new world. At this time, because all human beings are impure, they do not know how they can go back home; they're unable to fly. They perform a lot of devotion in order to go there, but they don't know that it is because they're impure that they are unable to go there. We can only go when the Purifier Father comes and purifies us. The Father is now showing you ways to become pure. Everyone has to become impure and pure. There are now so many human beings. When it is the kingdom of deities in the golden age there are 900,000 in the new world tree. At first, there are only a few leaves and then the tree continues to grow. At first, there are only those of one religion. You no longer consider yourselves to be residents of hell; all the rest are residents of hell, but they don't consider themselves to be that. At this time, everyone's face is like that of a human being, but their characters are like those of monkeys. Even great kings bow down at the feet of the idols of Lakshmi and Narayan. However, they are not purifiers, they are not merciful. Mercy is felt for someone who is suffering. Only the one Father is merciful. Only the Father comes and makes those with stone intellects into those with divine intellects. You are now becoming deities. This is the place of study to change from an ordinary human into Narayan. This is Raja Yoga. Rishis and munis do not know who taught the Raja Yoga of the Gita. They have completely falsified the Gita. They think that Shri Krishna taught Raja Yoga. They say: God Shri Krishna speaks: Manmanabhav! However, Shri Krishna is not God. He is the golden-aged *prince* who studies Raja Yoga at the confluence age and attains the kingdom. People have then made him into God. So many people listen to the Gita, but not a single one of them knows that the God of the Gita is Shiva and not Shri Krishna. They say that all are one. You have to beat your heads with such human beings. For 63 births, they have believed Shri Krishna to be God. The scriptures have been created from the copper age onwards and the Gita must definitely have been written first. Those scriptures all belong to the path of devotion. There isn't a single scripture of the path of this knowledge. The Gita is *number one*. The Vedas and Upanishads were created later. They too are children of the Gita. You have continued to come down while studying them. Your 84 births are now coming to an end and you now have to go into your *number* one birth. You are studying here once again in order to become the golden-aged Lakshmi and Narayan. Not everyone will become Lakshmi and Narayan. A kingdom is being established, but who establishes it? This doesn't enter anyone's intellect. There are so many human beings in the iron age that there isn't even enough food to eat, whereas in the golden age, there is just the kingdom of Lakshmi and Narayan. Look how many religions there are here! The Mahabharat War is just in front of you. In spite of that, people's eyes don't open. This Mahabharat War also took place in the previous cycle. No one knows what happened after that. Only you Brahmins know all of these things. The Father has *adopted* you through Brahma. God teaches you and makes you into Lakshmi and Narayan and so you should study well. Simply remember the Father and the new world and you will go to the new world. Then, if you study well and teach others, you can become kings and queens, according to the spiritual *service* you do. You are spiritual *social workers*, whereas the rest of the world are physical *social workers*. The Father gives you souls this knowledge every day. He serves you souls. This is

called service of souls which only the *spiritual Father* teaches you. This is the place of study where human beings are made into deities. We will definitely become that. When you study and become ready, destruction will begin and you will go back home. It is said: When Rama went, Ravan also went. Only a few remain and the exchange takes place. You will then go down into heaven. The new world is being established for you and so you are studying in order to become residents of heaven. This is hell. You are now at the confluence age. If you don't become Brahmins now, you won't be able to claim your inheritance. Only Brahmins who don't remember bodily beings, but just the Father, receive the inheritance. However, if you have heard a little of this knowledge, you will become one of the subjects. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Become spiritual *social workers*, study and teach others. Together with remembering the Father, also remember the new world that is going to come.
2. Become as merciful as the Father and do the service of making everyone's intellect divine.

Blessing: May you be a spiritual server and play your *part* in serving with the awareness of the mantra, "Incorporeal becomes corporeal".

Just as the incorporeal Father becomes corporeal and plays His *part* in serving, in the same way, you children also have to keep the tool of this mantra in your awareness and play your *parts* in serving. Your physical bodies are on the *stage* of this physical world. The *stage* is the support and the actors are images of support, the masters. While having this awareness, become detached and play your *part* and, together with having *sense*, you will then become an *essence-full*, spiritual server.

Slogan: Those who observe every game as detached observers are true witnesses.

Avyakt signal: Experience the complete and perfect stage, the same as Father Brahma.

When a meeting of love and power takes place, your stage becomes very lovely and unique. To become like the one whom you love is the proof of your love. However, you will not become complete simply by having love, but if you have power along with love, you will then become complete and will make others complete too.
