Essence: Sweet children, you constantly have to keep the *knowledge* that you have received from the Father in your intellects. Wake up early in the morning, spin the discus of self-realisation and churn the ocean of this knowledge.

Question: What is the *law* of this Godly study? What *direction* have you received for this?

Answer: The *law* of this Godly study is to study regularly. It is not the *law* to study sometimes and not at other times. Baba has given you many facilities for this study. The murli is *posted* from here, and so you can take the seven days' *course* and then study anywhere. You must never *miss* the study.

Song: Salutations to Shiva.

Om shanti. The children sitting here are remembering the Creator and the beginning, the middle and the end of creation, that is, they remember the discus of self-realisation. The Father has given you children this *knowledge* for you to become spinners of the discus of self-realisation. The aim of you Brahmin children is to become spinners of the discus of self-realisation. You have to keep the incorporeal world, the subtle region, the corporeal world and the cycle of 84 births in your intellects. Remove everything else from your intellects. It is in the intellects of you children that Baba really did make you into those of the sun and moon dynasties. You took 84 births. While walking and moving along, the soul, the self, has the knowledge of the Father and the beginning, the middle and the end of creation. Shiv Baba has now made you into Brahmins from shudras. Baba has explained to you how you play the game of the somersault of 84 births. At first, you are Brahmins and it is Shiv Baba who creates you through Brahma. Only through this knowledge of the Creator and creation do you become spinners of the discus of self-realisation. This *knowledge* has to be kept in your intellects at all times. Wake up early in the morning and sit in the consciousness of being a spinner of the discus of self-realisation. We now know the cycle of our 84 births. The Father, the Creator of all souls, is One. We say we are all brothers and our Father is the incorporeal Supreme Father, the Supreme Soul, the Resident of the supreme abode. We too used to reside there. He is our Baba. The word 'Baba' is very *lovely*. People go to the Shiv Baba temples and worship Him and also remember Him a great deal. The Father says: I change you from humans into deities, from those with degraded intellects into those with pure and clean intellects. I made your shudra, degraded intellects into pure, clean intellects, that is, into the highest, most elevated, intellects. All men and women bow down to the Lakshmi and Narayan idols, but they don't know who they were, when they came or what they did. The Father has explained that Bharat is an imperishable land because it is also the birthplace of the eternal Supreme Father, the Supreme Soul. It is the birthplace of the Purifier, the Bestower of Salvation for All, and so it is the greatest of all pilgrimage places. No one has such elevated intoxication of this being the birthplace of the Supreme Father, the Supreme Soul, the Bestower of Salvation for All. The birthday of the Purifier took place in Bharat. People celebrate the birthday of Shiva and so Shiva definitely does take birth here. Bharat is a great pilgrimage place but, according to the *drama*, no one knows that it is the birthplace of God, our Father, our Mother and Father, the Purifier and the Bestower of Salvation for All. This is why they say to the land of Bharat: Salutations to Mother Bharat. This means that all of you daughters, who are making Bharat into heaven on this earth by following shrimat, should have the intoxication that we make Bharat into *Paradise* every cycle by following shrimat. You each claim a high status to the extent that you follow shrimat. The people of Bharat have written that the duration of a cycle is hundreds of thousands of years. You know the Gita is that of the religion established by Baba whose birthplace is Bharat. The people of Bharat have forgotten who sang the Gita. There is so much difference between incorporeal Shiva and Shri Krishna. You know the soul of Shri Krishna was beautiful and has now become tamopradhan at the end of the last of his many births. I then enter him and make him into beautiful Shri Krishna. This is why Shri Krishna is said to be the ugly and the beautiful one, Shyam and Sundar. He was the *number* one beautiful *prince* of the golden age. His praise is that he is the elevated being who follows the highest code of conduct and whose supreme dharma is that of non-violence. The people of Bharat don't know what the relationship between Radhe and Krishna and Lakshmi and Narayan is. The Father says: There is no meaning to whatever you have been studying up to now. You are now sitting personally in front of the Father. You know that Baba is once again giving you the teachings of Raja Yoga after 5000 years. The whole world says Shri Krishna spoke the Gita. The Father says: Shri Krishna doesn't even have this knowledge of the beginning, middle or end of the world. The Shri Krishna soul received this knowledge in his previous birth and is now receiving it again. I have named him Brahma. I enter him at the end of the last of his many births. You have now died alive. You were given subtle names. You are no longer given those names, because many divorced the Father. It doesn't seem right if someone belongs to the Father, receives a new name and then runs away.

This is why Baba stopped giving names. You have now become Brahmins, the children of Prajapita Brahma and the grandchildren of Shiv Baba. The Father says: You have to claim the inheritance from Me. Therefore, remember Me! This is the last of this one's many births. The Brahma shown in the subtle region is pure. The Father of Humanity cannot exist in the subtle region. The Father explains that this one is the corporeal one, standing at the top of the tree. He is sitting here in yoga with the children in order to become a pure angel. Therefore, he also has to be shown in the subtle region. Prajapita is definitely needed here. That one is subtle whereas this one is corporeal. You too have come here to become angels. It is in this that people become confused because this knowledge is completely new. This knowledge cannot be found in any of the scriptures. God is One. The Highest on High, the incorporeal Supreme Father, the Supreme Soul, is the Father of all. His place of residence is the supreme abode. Everyone remembers Him: "Come, Maya has cast a shadow on us and we have become impure." These things do not sit in the intellects of new ones. You now know the beginning, the middle and the end of creation. Very few of us used to rule the kingdom in the golden age. There cannot be any unrighteousness there. They have written so many things in the scriptures, but there is no meaning to any of them. While gradually coming down the ladder, you have now, at the end, become impure. You are now taking a *jump*. It takes you 84 births to come down and you take a *jump* in a *second*. You children are now studying Raja Yoga. You will first go to the land of peace and then to the land of happiness. This is the land of sorrow. You came down first and so the Father also meets you first. The meeting of the Father and the children, of souls and the Supreme Soul, takes place here. There is an accurate calculation: it is 5000 years since we became separated from the Father. We first played our *parts* in heaven and then continued to come down. You have now come to the Father and the few who remain there will also come down here. Your studies will then end. Everyone has to come here. When it is empty there, Baba will take everyone back. This is something to be understood. You have to study. It is not the *law* to go to *school* sometimes and not at other times. Baba has made many arrangements for you to study. Otherwise, it is not normal to take a study by *post*. This study of the unlimited Father is sent everywhere by *post*. It is printed on so much paper. They are sent to so many different places. Once you have taken the seven days' *course*, you can then go and study anywhere. At this time, everyone has been diseased for half the cycle and this is why they have to be kept in a furnace for seven days. This disease of the five vices has spread over the whole world. In the golden age, you had bodies that were free from disease; you were *ever healthy* and *ever wealthy*. Look at what your condition has now become! The whole play is based on Bharat. You have now remembered your 84 births. Every cycle, you become spinners of the discus of self-realisation and also rulers of the globe. A kingdom is being established and within it, everyone will receive a numberwise status. All kinds of subjects are also needed. Each of you should ask your heart how many you have made into spinners of the discus of self-realisation, equal to yourself. The more you make others equal to yourself, the higher the status you claim. The Father is teaching you how to battle with Maya. This is why this one is named Yudhishthira. He is teaching you to battle in order to conquer Maya. They have shown Yudhishthira and Dhritarashtra. It is even remembered that those who conquer Maya also conquer the world. Only you know for how long you remained victorious and for how long you were defeated. It was not a physical battle nor was there a battle between the devils and the deities. There wasn't a battle between the Kauravas and the Pandavas either. It is said: Maya is false and the body is false. This Bharat is now the land of falsehood. It was the land of truth, but it became the land of falsehood at the time when it became the kingdom of Ravan. They tell so many lies about God. They defame Him so much. The incarnation that has been defamed has also been remembered. It is the Father who is defamed the most. They insult Him by saying that He incarnates in a fish and a crocodile and in the pebbles and stones. Is this called having manners? You have now been enlightened. You know the Father is explaining to you the secrets of the Creator and the beginning, the middle and the end of creation which no one else knows. Only the Father is the Bestower of Salvation for All. Everyone receives salvation from this knowledge given by Baba. How can those who are in degradation themselves grant salvation to others? I come and make you into the kings of kings. You were pure and worthy of worship and have now become worshippers and come here. Impure kings worship pure kings. In the golden age, you were *double* crowned. When kings become vicious they have *single* crowns. They too are emperors and empresses, but the impure ones still go and bow down to the pure ones. The people of Bharat, who belonged to the pure household path, then belong to an impure household path. The Father says: It is now the last birth in this land of death. I have now come to take you back to the golden age. This war of missiles also took place 5000 years ago. This old world is to be destroyed. The Father explains: While living at home with your families, you have to become like a lotus. It is you Brahmins who become like a lotus, but they have given this symbol

to Vishnu because you do not remain constant. Today, you become like a lotus and then two years later you become impure. This is your most elevated clan. You Brahmins are the topknot. Then, while taking rebirth, you become deities, warriors, merchants and shudras. You do not become deities from shudras instantly; the Brahmin topknot is also needed. Baba is now teaching you Brahmins. Therefore you should not divorce such a Father. Baba says: Those who were amazed by this knowledge belonged to Me, listened to Me and then ran away and belonged to Maya. They became *traitors* and defamed Me. It is said that those who defame the Satguru cannot claim a high status in heaven. Those gurus of the path of devotion are not bestowers of salvation. The Father, *Teacher* and Guru of all souls is the one incorporeal Father. He has come to uplift everyone. In the future, people will understand, but it will then be *too late*. They will then go into their own religions. The deity religion is the most elevated religion of all. You Brahmins sitting here with the Father are even more elevated than they are. The Bodiless One without an image is teaching you. The Father says: I do not have a body of My own. I am called Shiva and My name cannot be changed. The name of everyone else's body changes. I am the Supreme Soul and no one can draw up My horoscope. I come in the unlimited night to make it into the day. It is now the confluence age. Understand these things very well and imbibe them. You should keep these things in your awareness. When you children come here, you have a lot of time; you can churn the ocean of this knowledge very well here. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. With the awareness of belonging to the most elevated clan, become as pure as a lotus while living at home with your family. Never have the Satguru defamed.
2. Do the service of making Bharat into heaven by following shrimat. Become a spinner of the discus of self-realisation and make others that too. Whenever you have time, definitely churn the ocean of this knowledge.

Blessing: May you pick up virtues from others by constantly having benevolent feelings and so become unshakeable and immovable.

In order to make your stage unshakeable and immovable, constantly pick up virtues. If you pick up virtues in every situation, you will not fluctuate. To pick up virtues means to have benevolent feelings. To see virtues in defects means to pick up virtues. So, pick up virtues from even those who have defects. Just as other people are determined in their defects, so you must remain determined in your virtues. Become a customer of virtues, not of defects.

Slogan: Those who offer everything that they have to the Father and become light are angels.

Avyakt signal: Experience the complete and perfect stage, the same as Father Brahma.

You follow the Father in order to become equal to the Father. So, just think how Father Brahma became perfect. What were his specialities? What was the special basis of his perfection? Father Brahma used his every breath and every second in a worthwhile way. So, in order to become equal to the Father, have the aim of using everything in a worthwhile way and becoming an embodiment of success.
