

Essence: Sweet children, do not cause sorrow for anyone through your thoughts, words or actions. Never become angry with anyone. Love is very sweet – you can bring anyone under your control with it.

Question: What method does the Father tell you children in order to make you double-crowned masters of the world and the best?

Answer: 1) Imbibe divine virtues and become very, very sweet. Look at one another with the vision of brotherhood. Give yourself the tilak of the kingdom through your own effort. 2) God Himself, the Father, is teaching you and so be *regular* in your studies. To the extent that you study and teach others, and improve your *manners*, accordingly, you will become the *best*.

Om shanti. Sweetest, long lost and now found children, you know that you have stepped aside from the shores of hell and are now moving forward. This most auspicious confluence age is completely separate and between the two. Your boat is in the middle of the ocean; you are neither golden-aged nor iron-aged. You are the most elevated, most auspicious, confluence-aged Brahmins. The confluence age is for Brahmins and Brahmins are the topknot. This is the very small age of Brahmins. This age is of just one birth; it is your age of happiness. Happiness of what? That God is teaching us: Such *students* should have so much happiness. You now have the knowledge of the whole cycle in your intellects. Now, we are Brahmins and then, we will become deities. First, we will go home, the *sweet home*, and then go into the new world. Only we Brahmins are spinners of the discus of self-realisation. We are doing this somersault. Only you Brahmin children know this variety image. Your intellects churn these things throughout the day. This is a very *lovely* family of yours, and so each one of you has to become very, very *lovely*. The Father is sweet and so He also makes you children just as sweet. You must never become angry with anyone. Do not cause sorrow for anyone through your thoughts, words or actions. The Father never causes any sorrow for anyone. To the extent that you remember the Father, so you will accordingly continue to become sweet. By having this remembrance, your boat will go across. This is the pilgrimage of remembrance. By remembering, you will go to the land of happiness *via* the land of peace. The Father has come to make you children constantly happy. The Father is showing you the way to chase away the evil spirits: Remember Me and those evil spirits will continue to go away. If anyone of you has any evil spirits, then leave them here with Me. You say: Baba, come and remove our evil spirits and make us pure from impure. So, the Father is making you so beautiful. Both Bap and Dada together are decorating you children. Those are limited fathers, whereas this One is the unlimited Father. Children have to act and interact with others with a lot of love. The donation of all the vices has to be given. When you make a donation, the omens are removed. There is no question of excuses, etc. in this. You can conquer anyone with love. Explain with love; love is very sweet. People are able to bring lions, elephants, animals under control with love. Those people are with vices, whereas you are now becoming deities. So, you have to imbibe divine virtues and become very, very sweet. Look at one another with the vision of brotherhood or of brother and sister. A soul must never cause sorrow for another soul. The Father says: Sweet children, I have come to give you children your fortune of the kingdom of heaven. Now, take whatever you want from Me. I have come to make you into the *double-crowned* masters of the world, but you have to make effort for this. I will not place a crown on anyone. You have to give yourself the tilak of a kingdom with your own efforts. The Father shows you the way to make effort. This is the way you can make yourself into a *double-crowned* master. Pay full attention to this study. Never stop studying. If, for any reason you get upset and stop studying, you will incur a lot of loss. Continue to look at your profit and loss. You are *students* of this Godly *University* and are studying with God, the Father, to become worthy-of-worship deities. So, you have to become such *regular students*. *Student life is the best!* To the extent that you study, you have to teach others and improve your *manners*, so that you will become *the best*. Sweet children, it is now your *return journey*. Just as you have continued to come down from the golden age through the silver, copper and iron ages, similarly, you now have to go up from the iron age to the *golden age*. When you reach the *silver age*, the mischief of your physical organs will finish. Therefore, however much you souls remember the Father, accordingly the rust of the rajo and tamo stages will continue to be removed. Then, however much rust continues to be removed, accordingly the attraction to the Father, the Magnet, will continue to increase. If some of you souls are not being attracted, you are definitely covered with rust. When the rust has been completely removed and you souls have become *pure* gold, that is the final, karmateet stage. The main thing that the Father tells you sweet children is: Become soul conscious! Forget all your bodily relations, including your own body, and constantly remember Me alone! You definitely have to become pure. For as long as a kumari is pure, everyone bows down to her. As soon as she gets married, she becomes a worshipper and she

has to bow her head in front of everyone. When a kumari is at her parents' home, she doesn't remember that many relationships. After marriage, the relationships of the body increase, and attachment to her husband and children then continues to increase. She also then remembers her mother-in-law and father-in-law. First, there is attachment to just the mother and father. Here, all of those relationships have to be forgotten, because this One is the only true Mother and Father. This is the Godly relationship. It is remembered: "You are the Mother, You are the Father." This Mother and Father makes you into the masters of the world and the Father therefore says: Remember Me, your unlimited Father, constantly and do not have any attachment to bodily beings. This unlimited Father takes you to heaven. While remembering such a sweet Father with a lot of love, continue to spin the discus of self-realisation. It is with the power of this remembrance that your souls will become pure and become the masters of heaven. As soon as you hear the name 'heaven', your hearts become happy. Those who have constant remembrance and continue to inspire others to have remembrance will claim a high status. By making this effort, you will make that stage firm by the end. This world is old and the bodies are also old; all the bodily relations including the bodies themselves, are old. Now, remove your intellects' yoga away from all of them and connect it to the one Father alone, so that you only remember that one Father in the final moments. If you remember any other relations, you will remember them at the end and your status will be destroyed. Those who have remembrance of the unlimited Father at the end will become like Narayan from ordinary humans. When you have remembrance of the Father, Shivalaya is not far away. Sweetest, beloved, long-lost and now-found children, you come to the unlimited Father to *refresh* yourselves, because you children know that you receive the unlimited sovereignty of the world from the unlimited Father. This must never be forgotten. If this is constantly remembered, you children can then have limitless happiness. While walking and moving around, repeatedly continue to look at your *badge*; let it cling to your heart. Oho! I am becoming this through God's *shrimat*! While looking at the *badge*, continue to love Him. Continue to say, "Baba, Baba!" and you will constantly be aware that you are becoming this through the Father. You sweet children need to have broad and unlimited intellects. Throughout the day, continue to have thoughts of *service*. Baba wants the children who cannot remain without doing *service*. You children have to surround the whole world, that is, you have to make the impure world pure. The whole world has to be changed from the land of sorrow to the land of happiness. A *teacher* enjoys teaching. You have now also become very high *teachers*. The better the *teacher*, the more he makes others the same as himself and he would not get tired. A lot of happiness is experienced in doing Godly *service*. You receive the Father's help. This is a huge, unlimited business; businessmen become wealthy. They are the ones who have a lot of enthusiasm on the path of this knowledge. The Father is the unlimited Businessman. This deal is *first class*, but you have to have a lot of courage for this. New children can go ahead of the older ones by making effort. Each one's fortune is *individual*, and so each one has to make *individual* effort. You have to do your full *checking*. Those who carry out such *checking* engage themselves in making effort day and night. They would say: Why should we *waste* our *time*? As much as possible, we will use our *time* in a worthwhile way. They make a firm promise to themselves: I will never forget the Father. I will definitely claim a *scholarship*. Such children then also receive help. You will see such new effort-making children. You will continue to have visions. Whatever happened in the beginning, you will see that at the end. As you come closer, you will continue to dance in happiness. On the other side, unnecessary bloodshed will also continue. The Godly *race* of you children is taking place. As you continue to run ahead, the closer the scenes of the new world will come to you and your happiness will continue to increase. Those who are not able to watch the scenes close up will not have that happiness. There now has to be disinterest in the iron-aged world and a lot of love for the new golden-aged world. If you remember Shiv Baba, you will also remember the inheritance of heaven. If you remember the inheritance of heaven, Shiv Baba will then also be remembered. You children know that you are now to go to heaven: your feet are towards hell and your heads are towards heaven. It is now the age of retirement for all, young and old. Baba always has this intoxication: Oho! I will go and become this little Krishna, for whom gifts are sent *in advance*. The gopikas who have full faith are the ones who send gifts. They have the feeling of supersensuous joy. We will become deities in the land of immortality. We are the ones who became that in the previous cycle and we then took 84 rebirths. If you remember this somersault, that too is great fortune: Always maintain limitless happiness. You are receiving a huge *lottery*. We claimed our fortune of the kingdom 5000 years ago and will claim it again tomorrow too; it is fixed in the *drama*. We will take birth again, just as we did in the previous cycle and we will have the same mothers and fathers. The one who was the father of Shri Krishna will become that again. Those who continue to have such thoughts

throughout the day will remain very entertained. If you do not churn the ocean of this knowledge, it means you are *unhealthy*. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Never become tired in Godly service. Become a good teacher and do the service to make others equal to yourself.
2. With the power of remembrance, make the soul pure. Do not have any attachment towards any bodily beings.

Blessing: May you find a solution to every problem in a *second* with the power of *silence* by going into solitude.

When a new and powerful *invention* is created, it is done *underground*. Here, to be in solitude is to remain *underground*. Whatever time you have, even while carrying out your activities, while listening to and relating this knowledge, while giving *directions*, go into *silence* beyond this physical world and beyond the consciousness of your body. The practice and experience of this *stage* and giving others this experience will give you a solution to every problem. By doing this, you will give others the experience of peace and power in a *second*. Whoever comes in front of you will experience having a vision through this *stage* of yours.

Slogan: To step aside from wasteful and sinful thoughts and remain stable in a soul conscious stage is to be योग्य.

Avyakt Signal: Embrace the spirit of uplifting others and uplift those who have defamed you.

Father Brahma made the children into the masters and considered himself to be a server. He gave them the respect of being the masters. He gave them honour and name. He never glorified his own name, but always said, "My children". The father renounced his name, honour and respect and uplifted others, and considered his own happiness to be in the happiness of the children. He considered any experience of unhappiness of the children to be his own unhappiness. In the same way, follow the father and become full of feelings of upliftment, for only then will the task of world benefit be completed.
