**Essence:** Sweet children, keep your intellects *busy* in churning this knowledge and you will become free from all worries and remain constantly happy.

**Question:** What are the signs of those who consider themselves to be *servants of* Shiv Baba's sacrificial fire?

**Answer:** They instantly accept whatever Shiv Baba says through Brahma's mouth. To accept whatever Shiv Baba says is to follow shrimat. It is only by following the directions of Shri Shri Shiv Baba that you become elevated. To become elevated means to become part of the rosary of victory.

**Song:** Salutations to Shiva!

Om shanti. God Shiva speaks to you saligrams. The spiritual Father explains to you spiritual children. You children now know that while you sit here you have to consider yourselves to be souls. There wouldn't be a single human being in the whole world who considers himself to be a soul. They don't know what a soul is and so how could they know the Supreme Soul? Only from the Father do you receive the explanation of what a soul really is. Because human beings don't know anything, they are so unhappy. You children know that the duration of this *drama*, this kalpa tree of the world, is 5000 years. If the seed of a mango were living, it would explain that it is a seed and how a tree emerges from it. However, it is non-living. There is only the one living tree (of human beings). You have received this knowledge of the whole tree from the beginning to the end. You understand it, numberwise, according to the efforts you make. The Father says: I am the Seed of this human world tree, the Truth, the Living Being and the Embodiment of Bliss. I am called the Ocean of Knowledge. This is the praise of the incorporeal One. You know that the praise of the Father is unique. Human beings don't know the praise of the Father at all. Although Lakshmi and Narayan are those deities, they too don't have this *knowledge*. You have received this knowledge of the *drama*. You know how this world cycle turns and how this knowledge does not remain when you become deities. It is a *wonder!* You are the *actors* of this *drama*, are you not? You have the knowledge of the Creator and the beginning, the middle and the end of creation. Neither the shudra clan nor the deity clan have this knowledge. It isn't that this knowledge continues from time immemorial, as they have said about the festivals. You now understand that no one in the golden age knows about these festivals. There, you will not remember anything. There, you will rule a kingdom. The locks on the intellects of all of you have opened. You know the main *Creator, Director and Principal Actor*. You receive such good *knowledge*! Those who don't know this *knowledge* are senseless; you too were senseless. You are now becoming deities. Those who have this *knowledge* trickling into their intellects will experience infinite happiness. No one, apart from you, can understand this *knowledge*. *God*, the *Father*, is called the *World Almighty Authority, the knowledge-full One*. What *knowledge* does He have? He has the *knowledge* of all the Vedas, the scriptures and the beginning, the middle and the end of the whole world. Even in the scriptures, there is no *knowledge* of the Creator or creation, and that is why the rishis and munis have been saying that they don't know the Creator or His creation. There is only the One who can explain and so how could anyone else know it? No one else, apart from you children, can give this *knowledge*. It is the Father who gives it to you. He is so great and *knowledge-full!* You receive such a high status! You should experience so much happiness in being the children of the unlimited Father. Your intellects should become filled with this knowledge. There isn't anything that you don't know. You are now becoming *master knowledge-full*. The soul who has become tamopradhan will become satopradhan by remembering the Father. It is numberwise: the intellects of some of you will have become rajo from tamo and those of others will have become sato from rajo. At present, no one has a satopradhan intellect. When they do become satopradhan, you will reach your karmateet stage. A new world will then be needed for you to rule. When this sacrificial fire comes to an end, the sacrifice of the whole of the old world is put into it and your studies also come to an end, numberwise, according to the efforts you make. *Students* in a *school* understand that they will *pass* their examinations and then be *transferred* to the next *class*. When you reach your karmateet stage, you will be *transferred* from this land of death to the land of immortality. You know that you are going to be *transferred* from here. You will become pure and go to the land of immortality. Originally, we were residents of the land of peace and then, while playing our *parts*, we came from the land of immortality and arrived in the land of death. When you have all this *knowledge* in your intellects you will remain happy. You will not think of anything except this *knowledge*. You should also explain that we will now study and become the masters of the new world. Here, there are only impure beings; there are no deities. Who would make you into deities from human beings? Only the Father can make you that. You can now explain that heaven truly did exist and that the kingdom of Lakshmi and Narayan existed there. Who established it? *Heavenly God, the Father,* established *Paradise* where the deities ruled. No other dharma exist there. This is a huge unlimited

play. You are living beings. You know that the Seed of this tree is up above. The Father is *imperishable* and you too are *imperishable*. The whole tree has now reached a state of total decay. At this time, all human beings have become like thorns. This is a forest of thorns; all cause sorrow for one another. The Father is the Gardener. He is also called the Boatman. You are also learning how to row your *boats*. The Father sits here and explains to you how each one's boat can go across. The boat is not the body. The boat consists of both the soul and the body. They sing: "Take my boat across!" Souls and bodies are now both impure. How can you go across and where can you go? You now understand all the secrets of the incorporeal world, the subtle region and the corporeal world from the golden age to the iron age. So, why does this not remain in your intellects? Why do you forget? If this constantly continued to trickle into your intellects, you would remain happy and become free from all worries. You know that Baba has come to take you back home. The Father is giving you the *knowledge* that He has. These are completely new matters which no one except the Father can explain to you. The incorporeal Father explains to you through this corporeal one. You too listen through your bodies and so the Father is making you children equal to Himself. Whatever is the Father's praise should also be your praise; there is no difference. The Father says: The only difference is that I do not enter the cycle of birth and death, whereas you do. You call Me the Ocean of Knowledge and the Ocean of Happiness. Therefore, I definitely give you this knowledge. I give it to you every cycle. You have now understood that you truly have been around the cycle of 84 births and that you have now come to the end. The Father then takes you into the first *number*. This is *knowledge*, is it not? *Knowledge* is a *source of income*. The *income* of each one of you will be according to how much you study. This is *knowledge* and also a business. You just give Baba rubbish. When someone dies, they give all of that person's things to a brahmin priest. Here, you have to give everything while alive. In fact, it refers to this time. The Father says: Whatever you have, give that to Baba before you die and just become a *trustee*. Otherwise, at the end, you will remember everything you have. Wealthy people will not take this knowledge. Their wealth is only for one birth. They will shed their bodies. They don't know where they will take their next birth according to their karma. You know that whatever effort you make now, you will receive the reward of that accordingly. At this time, everyone does physical *service*. No one knows about spiritual *service*. The *Supreme* Spirit comes and explains this *knowledge* to you. He is the Ocean of Happiness, the Remover of Sorrow and the Bestower of Happiness. People celebrate the birthday of Shiva, but this doesn't enter their intellects. Your intellects now have the knowledge that Baba will come in 5000 years time and once again speak this knowledge to you. This knowledge will not exist in the golden age, so where could it come from in the iron age? No one in the world knows why they build temples to Lakshmi and Narayan. Who were they? Who gave them their kingdom? That was the fruit of their actions. The Father sits here and explains to you the philosophy of action, sinful action and neutral action. These are the versions of God. It is through the Gita that the original eternal deity religion is established. There are very few human beings there, but they all definitely receive liberation. They have even written about the Mahabharat War. Many calamities will come. There will also be *natural calamities*. The old world will be destroyed. They are the same *bombs* and *missiles* and it is that same time of destruction when God came and created the sacrificial fire of the knowledge of Rudra through which the flames of destruction emerged. God creates a sacrificial fire for peace and happiness. However, sorrow and peacelessness definitely have to be destroyed. The whole world will be sacrificed into this sacrificial fire of the knowledge of God. These things are in your intellects. We are Brahmins. We Brahmins are the *servants* of Shiv Baba's sacrificial fire. We are the true mouth-born Brahmins. You children should accept whatever the Father says through His mouth. We have to follow shrimat. You also know that you will become elevated beads of the rosary by following the directions of Shri Shri, Shiv Baba. The genealogical tree consists of the beads of the rosary. There is the genealogical tree which continues to grow. Baba Himself had this genealogical tree created. That too is a genealogical tree; at the top is incorporeal Shiv Baba and then there are the souls. The incorporeal genealogical tree then becomes corporeal. The first *number* is Prajapita; this one is physical and that one is subtle. The spiritual Father comes and creates it through Prajapita Brahma. You say: Come and make the impure world pure. Annihilation never takes place; the *history* and *geography* of the *world repeat*. The old world then becomes new again. You are now making effort for the new world. Only the unlimited Father gives you this unlimited *knowledge*. Even while having a limited inheritance, you remember the unlimited Father. They say: O God! When someone is about to die, people tell him to remember *God*, the *Father*, and so this proves that there are two *fathers*. All souls are *brothers*. It is souls who call out: O Remover of Sorrow, Bestower of Happiness, o *Liberator*, come! *Guide* us back to our home. We remember our home, but we are unable to go back there because Maya has broken our wings. No one can return home

yet. Each of you now has to ignite your own light. The oil will be poured into the lamp by your having remembrance of the Father. The light cannot be completely extinguished. When someone dies, they light a lamp; they especially appoint one person to continue to pour oil into a lamp. Otherwise, there would be darkness. You now have to pour the oil with the power of yoga so that it will become light from extreme darkness; it will become Deepmala. Deepmala will be in the golden age, not here. You have understood the significance of all the festivals that are celebrated. Those people don't understand anything. Nevertheless, it is explained that the festival of Rakhi etc. is to maintain purity. You should inject people with the *injection* of this knowledge so cleverly that they *feel* that they truly are corrupted and that only the Father can make them elevated. The Father says: Manmanabhav and you will become satopradhan from tamopradhan. You should shoot the arrow with tact. You need that power to be able to speak. You are now receiving power from the Father, the Almighty Authority, and are conquering Maya, for only then can you receive your fortune of the kingdom. No one, except the Father, can enable you to gain that. The Father says: Children, look what I make you from what you were! You should definitely constantly remember such a Father so that your sins can be destroyed. The Father says: Constantly remember Me alone and your final thoughts will lead you to your destination. You become whatever you think about. Therefore, the Father says: By remembering Me, you will also become that. By having remembrance, your sins will be destroyed and you will return home. This *knowledge* is your *source of income*. When you have *health and wealth* you also have *happiness.* There, you have such long lifespans. Krishna cannot be called Yogeshwar. You are yogeshwar. Ishwar (God) is teaching you yoga. This is Raja Yoga. You have yoga and attain your fortune of the kingdom. God teaches you yoga and gives you your inheritance of the kingdom. Who gave you the kingdom? The Father. The Father says: Remember Alpha. Remember the Father and your inheritance and your sins will continue to be cut away. This is very easy. You have so much of this knowledge in your intellects. The children of God are *master gods.* You can't just sit here with the Father; you have to play your *parts.* You have to become soul conscious while doing so. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

**Essence for dharna:**

1. Constantly churn this knowledge that the Father gives you. Continue to talk to others tactfully. Explain with a lot of love.
2. Give everything that you have to the Father while you are alive. Become a *trustee* and remember the one Father.

**Blessing:** May you be an embodiment of dharna who puts the consciousness of the "I" of body consciousness into this sacrificial fire.

When there isn't the consciousness of "I" in your thoughts or dreams, when you have the awareness of your eternal soul-conscious form, when the soundless chant "Baba, Baba" continues to emerge, you would then be said to be an embodiment of dharna, a true Brahmin. When you Brahmins sacrifice the consciousness of "I", that is, your old nature and sanskars of this world, into this great sacrificial fire, this old world will then be sacrificed. So, just as you were instruments to create this sacrificial fire, in the same way, now make this final offering and become instruments for its completion.

**Slogan:** To claim the *certificate* of contentment from oneself, from service and from everyone is to become an embodiment of success.

**Avyakt Signal: Embrace the spirit of uplifting others and uplift those who have defamed you.**

A soul who is going to reach the highest destination of a yogi life will transform slander into praise, rejection into respect, an insult into self-confidence, defamation into upliftment and remain constantly victorious. Such a soul will be equal to the Father, one of the eight jewels and a special deity of the devotees. Do not have any feeling of when that one changes a little, you will then will change. This is the feeling of taking. I have to give vibrations. I have to be merciful. I have to give the co-operation of virtues and powers. Become a *master* bestower in this; be generous hearted.
